

The background of the slide features a close-up, slightly blurred image of several Cohiba cigars. The cigars are dark brown with gold bands that read "HABANA" and "COHIBA". In the foreground, a portion of a light-colored, textured box is visible, featuring a stylized outline of the island of Cuba and the word "COHIBA" in large, bold letters.

ETHICAL TRANSFORMATION STRATEGY FOR COHIBA

Strategic Analysis, 2025

PROBLEMS:

- No ESG/CSR transparency
- High ethical risk (health, environment, labor)
- Potential human-rights issues in supply chain

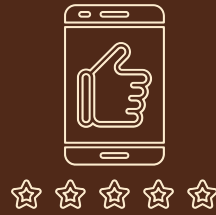

IMPACT:

- Reputational risk
- Regulatory pressure
- Threat to luxury positioning

KEY RISKS

Reputational → loss of brand trust

Regulatory → stricter global policies

Ethical → human rights & sustainability issues

Distribution → restricted market access

WHAT SHOULD COHIBA DO?

TRANSPARENCY

- Traceable supply chain
- Public ESG reporting

ACCOUNTABILITY

- Third-party audits
- External certification

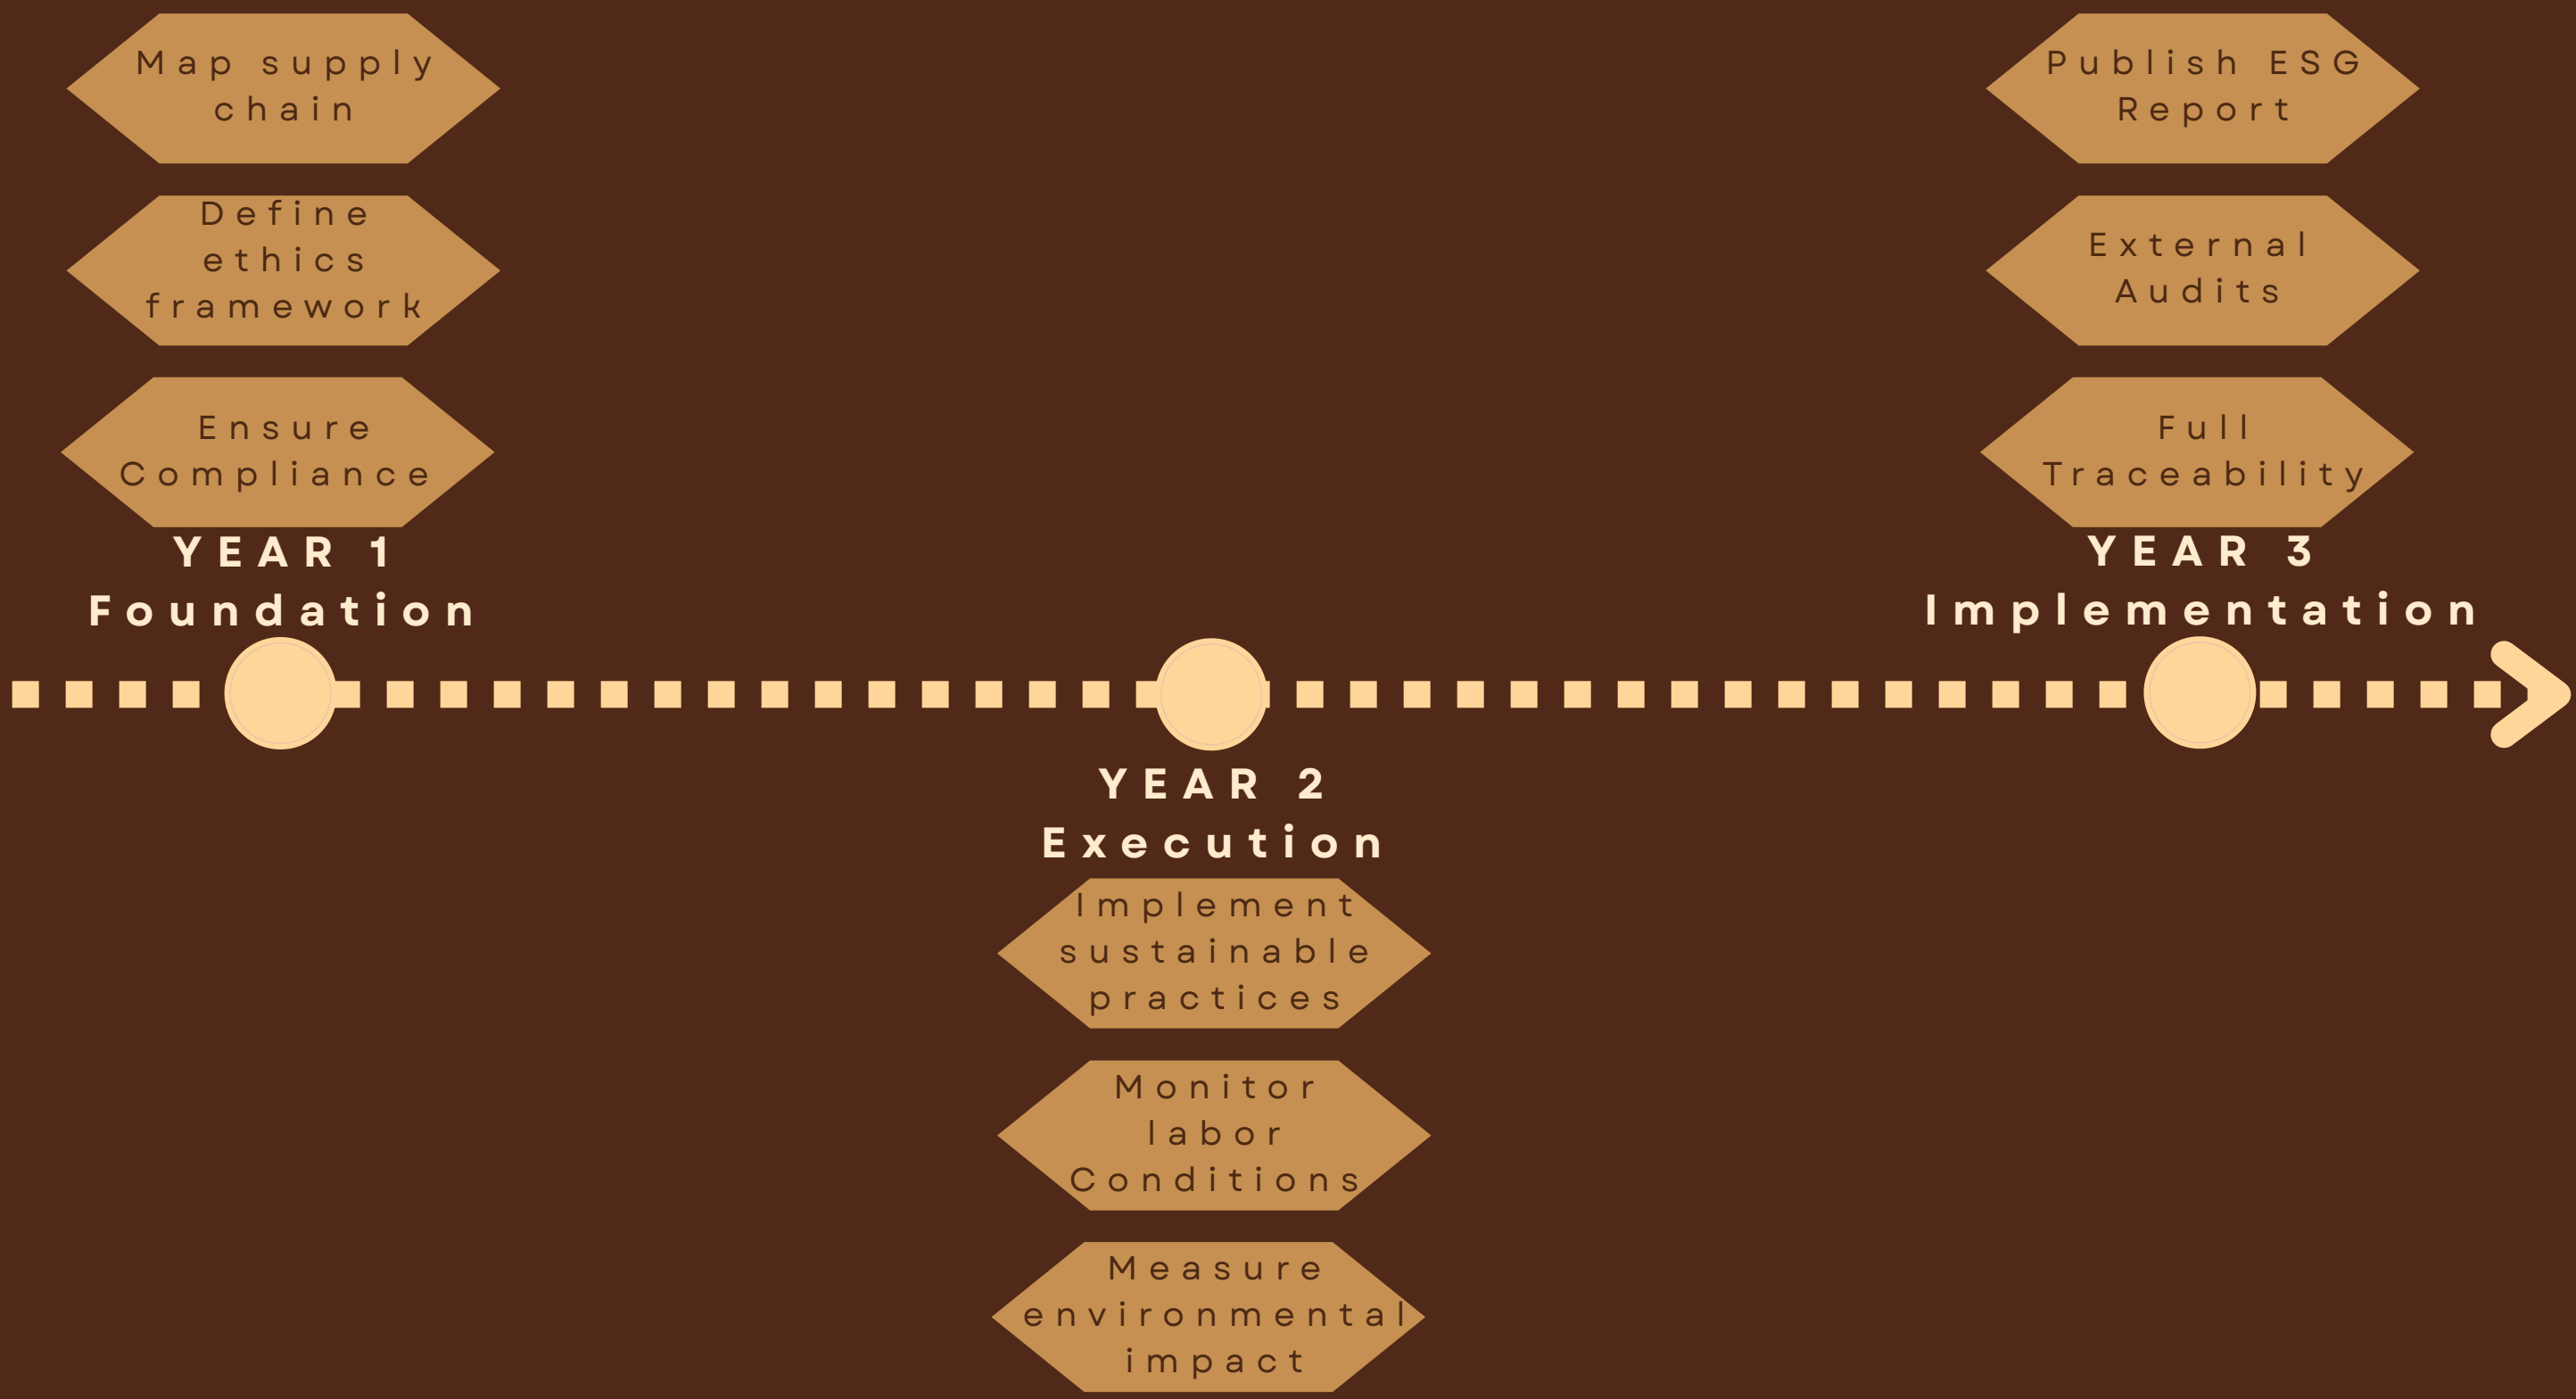

GOVERNANCE

- Stronger code of ethics
- Human rights policies

SUSTAINABILITY

- Reduce environmental impact
- Community initiatives

IMPLEMENTATION PLAN

K P I s

Supply chain transparency:

- % of treatable tobacco

Audit and compliance

- # of completed audits
- % of unannounced audits

Sustainability Impact

- CO₂ Emissions per 100 cigars
- Water Usage per Hectare

Ethical Responsibility

- # of resolved forced-labor cases

Measuring ESG performance across supply chain, ethics, and sustainability
