

SAKS FIFTH AVENUE

Financial and Marketing Strategy Development

Core Issues

Weak digital presence

Bad financial management

Misalignment with industry market

Consequences

Declining profitability

Vendor distrust

Reduced competitiveness

WHY IT FAILED

Financial Issue

- High debt
- Limited flexibility
- Reduced product availability

Market Misalignment

- Shift to D2C boutiques
- Expansion of digital realities
- Personalization and Experience

Operational Challenges

- High fixed costs
- Inefficient inventory

Saks Global faced a growing gap between its strategy and market realities, while operating under high operational and capital constraints, following a model for a market that no longer exists.

STRATEGIC SOLUTIONS

Financial Reset

- Strategic partnership instead of acquisition
- Restore vendor trust
- Capital restructuring and debt retirement

Customer Experience

- Digital clienteling
- Omnichannel integration
- Experiential retail and personalization

Operational Efficiency

- Optimize inventory
- Reduce fixed costs
- Transform store spaces
